

Good Afternoon

We have today held a meeting with the Project Management company, contractors, academy buildings manager and one of our governors regarding the progress of the refurbishment.

We have been advised that once the external panelling was removed it became evident that additional structural steel work would be required. An engineer has had to redesign the plan. Unfortunately this has resulted in a delay to completion of the programme. We are told that the contractors will now be on site until the end of the half term break. Completion date has now been revised to 18 February.

In addition, following conversations that took place after school on Friday 24 November, we are planning to hold a meeting for parents to raise any questions they may have directly with the contractors and the project management team. This will be held on Monday 18th December at 5pm in the school hall. Please use the breakfast club door accessed via the car park if you wish to attend.

Attached is a drawing showing what the finished building should look like.

For your information we have been inspected by the safety officer from the South Yorkshire fire brigade today. He is happy with all school and contractors procedures. He commented that our fire policy and systems were very well managed and gave us a 'clean bill of health'.

Meanwhile, if you have any questions please email Mrs Angell on whjitangell@rgfl.org.

Kind regards

Tina Angell
Head Teacher
