How Jolly Phonics meets the aims of the new National Curriculum

Changes coming with the new National Curriculum

The new National Curriculum was published and is scheduled to be implemented in schools from September 2014. The National Curriculum now extends the structured teaching of English to include grammar, spelling and punctuation. The English curriculum at key stages 1 and 2 provides schools with a programme of study (it does not provide lesson plans) that they should follow and is split into two distinct areas:

- Reading
  - word reading
  - comprehension (both listening and reading)
- Writing
  - transcription (spelling and handwriting)
  - composition (articulating ideas and structuring them in speech and writing)

The centre spread of this guide identifies the key requirements of the new National Curriculum, and colour codes them by when they are required to be taught. The list is detailed to reflect the learning objective of the subject, as given in the requirements.

From this guide you can have confidence that Jolly Phonics matches the new National Curriculum, and will enable you to deliver it. It is a highly effective teaching programme that will enable children to:

- read fluently, with understanding
- spell and punctuate more accurately
- have a wider vocabulary
- produce sentences with increasing pieces of writing
- have a clearer understanding of how language works

Why use Jolly Phonics in your school?

- Lesson plans with detailed teacher’s notes provide support and guidance
- Multi-sensory teaching through the primary years
- Extensive range of resources, including photocopiable handbooks, pupil and teacher’s books, software, decodable readers and posters

A programme that grows with your children

Jolly Phonics is a comprehensive literacy programme that meets all the requirements of the National Curriculum for the Primary years.

Phonics

Jolly Phonics meets the aims of the new National Curriculum

Teaching begins with systematic synthetic phonics in Reception year. As children move through the Primary years, the early phonics teaching is revised and extended with the teaching of grammar, spelling and punctuation concepts.

Children make rapid progress and continue to develop their understanding of their language worlds. They also develop their spelling and writing skills, enabling them to express themselves more accurately and clearly.

- Lesson plans with detailed teacher’s notes provide support and guidance
- Multi-sensory teaching through the primary years
- Extensive range of resources, including photocopiable handbooks, pupil and teacher’s books, software, decodable readers and posters

Helping you to deliver the new National Curriculum for English

What this guide shows

- word reading
- comprehension (both listening and reading)
- transcription (spelling and handwriting)
- composition (articulating ideas and structuring them in speech and writing)

The English programme of study includes a continued emphasis on systematic synthetic phonics, including a progression in teaching. At all levels there is a focus on spelling, vocabulary, grammar and punctuation that should be included in the teaching. There is also more flexibility on the timing of the teaching within each key stage.

From this guide you can have confidence that Jolly Phonics matches the new National Curriculum, and will enable you to deliver it. It is a highly effective teaching programme that will enable children to:

- read fluently, with understanding
- spell and punctuate more accurately
- have a wider vocabulary
